

**“HEADLINER” Mark Craven makes the news in Ireland and KU:**

**“One Who Rises through Excellence”** best describes REU Participant Mark Craven (from Ireland). How so? When a student, suffering from a seizure collapsed to the floor, Mark was the *first one to take action* by dialing 911 and staying with the student until EMS arrived. Other KU students assisted as well.

Ironically, The World Giving Index of 2013 ranked Ireland as the 5<sup>th</sup> most generous country in the world. Clearly, Mark’s action that day enhances Ireland’s honored position.

Kudos to all who assisted!
